

# ALMOAJIL GROUP

*Group Profile*

**SINCE 1928**

Decades of success

# Our Story

In 1928 the two late brothers, Sheikh Abdulaziz & Sheikh Saad Al Moajil decided to leave their small village called (Sudair) in the central region towards the eastern coast of Saudi Arabia to start their business which was a small food-stuff shop.

Al Moajil business evolved within the past 93 years into a thriving top-rated diversified group in Saudi Arabia & GCC countries via several companies & JV's sorted into various fields such as Industry, Trading, Real estate & Investment.

Al Moajil group is honored, that the cofounder Sheikh Saad Al Moajil was privileged to have contributed in establishing Eastern Province Chamber of Commerce and presided as Chairman for over 22 years as well as he chaired the Saudi Chambers Council.

Over the past 9 decades Al Moajil group played a significant role to support the Saudi National Economy by creating thousands of jobs over its diversified sectors. Moreover, the group succeeded to attract big international companies to enter the Saudi & GCC markets as partners, representatives, agents to promote their products & services.

## Our Vision

To be a significant key player in the economic chapter of the Saudi 2030 Vision.

## Our Mission

To work together with our partners to provide the local market with the highest-level standard products & services.

# SAUDI WHITE CEMENT COMPANY CO.

Saudi White Cement Company "SAWCEM" a Saudi joint stock company established in 1997 with a paid-up capital of SAR 1.2 billion, is the first & leading white cement manufacturer in the Kingdom of Saudi Arabia which started its white cement production in 2001. Its current capacity is 990KT tons of White Clinker per annum which makes it one of the leading white cement manufacturers globally. And Riyadh Cement Company "RCC" is a flagship subsidiary of SAWCEM which started its gray cement production in 2007. RCC is one of the largest gray cement companies in the Saudi Arabia with a total installed capacity of above 3.6 million tons of Gray clinker per annum. Given the urban resurgence and the economic growth witnessed by the Kingdom of Saudi Arabia in recent years - Our both plants complement each other perfectly in nation building and have been associated with many landmark projects of the kingdom for over around 2 decades. All throughout we have been partnered with KSA's growth with strength & reputation of our products quality, customer orientation and technological excellence.

## Our Products:

- Ordinary Portland Cement
- Sulfate Resistant Cement
- Finishing Cement
- White Cement

# AL MOAJIL BARLEY PLANT

The Groups Barley division was established in 1981 as a retail outlet for the imported Barley situated at the Dammam Sea Port Area. In unison with the Saudi Government the Group converted the Plant to a Bulk Handling & Packaging Plant from 1989 onwards, with a Loading Capacity of 78,000 M/T Monthly and having a Storage Capacity of 150,000 M/T. To meet the vast demand of the local market the Group strategically positioned it's future Terminals to receive many vessels monthly. The second Terminal was established in 1999 on Jubail Highway and was later relocated to Abu Hadriyah in 2006, with the same Loading Capacity and having a Storage Capacity of 180,000 M/T. The third Terminal was erected in 2020 at Jeddah Al Khumrah with the same Loading and Storage capacity.

# AL MOAJIL FEED PLANT

Al Moajil Group is a prominent front-runner to provide & supply barley as an animal feed product in Saudi local market. The Group had been developing the sector technically along with international innovations.

Al Moajil Feed Plant was established in early 2001 in Dammam Seaport area & started producing Flaked barley and Flaked corn with a capacity of 14,000 bags per day.

As we became well known within the livestock growers' market and meeting the high demand for animal feed products, our Group proudly decided to launch another Feed plant in Riyadh city, which was commissioned in the year 2007 with a similar capacity, as well as introducing other products such as Mahrous and Bran Pellets Mix. Moreover, the processed barley is available as 50 Kg sacks and in bulk deliveries for the dairy farms.

# AL MOAJIL WOODEN PALLET

Whatever you move, ship, store or stock, wooden pallets are the base of an economical and efficient operation. However, they must be manufactured properly and must be available when you require them at a reasonable cost too. Al-Moajil Pallets Plant is designed, constructed, equipped and put into production with all the above requirements in mind. With the use of modern Production machinery and methods, we produce hundreds of thousands of good quality wooden pallets to fulfill your requirements. In addition to new precision-nailing, multiple lumber trimming, automatic chamfering and notching equipment, we use only quality-grade soft-wood, medium hardwood and plywood, fastened by the best machine-quality screw nails. With our worldwide contacts, we have established sources of wood to make sure you have proper quantity and type of pallets when you need them.

# iib Group Holdings

Incorporated in 1991, UGIC is a public shareholding company listed on the Bahrain Stock Exchange with paid up capital, BD 20 million. UGIC is considered a pioneer in identifying, developing, financing and sponsoring of industrial projects in Saudi Arabia, Bahrain and beyond.

Since inception, UGIC has played a pivotal role in fostering the successful growth of notable industrial projects, such as United Stainless-Steel Company (founding shareholder, divested), Gulf Ferro Alloys Company (majority shareholder) and Dhahran Chemical Industries & Marketing. United Gulf Trading company (founding shareholder).

## Company Services:

iib's business strategy is predicated around two principal drivers. Namely, the acquisition of retail/commercial banking operations in our geographic area of focus, and the integration of these assets around a common operating platform and a common value set.

The exit of larger financial institutions from our target markets as a part of their own rationalization and de-risking process leaves material opportunities to selectively build credit, transactional and wealth management services.

Specifically, the aim is to focus on three discrete business lines:

- Strong local deposit bases, building strong and expandable local credit franchises while integrating these businesses around a common operating platform.
- The provision of transactional banking services to smaller banks and corporates in the area of the trade finance, payments, correspondent banking, liquidity management, custody and treasury services.
- Using our geographic placement of banking operations to build regional banking franchises and offer wealth management services.
